Where We Are

River Park Plaza Building

6500 SW Macadam Ave. Suite 300, Portland, OR 97239

(Please turn this page over for a map)

Our office is located in the John's Landing area of Southwest Portland, on the east side (river side) of Macadam Avenue (Hwy. 43), in the River Park Plaza Building (Suite 300). Our building is three stories tall and brick, on the corner of SW Nebraska St. and SW Macadam Avenue. We are located five blocks (1/4 mile) north of the intersection of Taylors Ferry Rd. and Macadam Ave., and nine blocks south of *John's Landing Water Tower Mall*.

How To Get Here

Coming from the South on I-5

Take the Terwilliger exit. Turn right (south) onto Terwilliger. Travel on Terwilliger until you reach the stoplight at Taylors Ferry Rd. Turn left (east) onto Taylors Ferry. Follow Taylors Ferry to the bottom of the hill. Turn left (north) on Macadam Ave. (Hwy. 43) at the stoplight. Travel on Macadam for about five blocks (1/4 mile). You will come to an intersection at Nebraska St. (it's also the Willamette Park entrance and has a stoplight) where you will take a right and then another immediate right into the parking area under our building.

Coming from the West on Highway 26

Take I-405 South and then I-5 South. Take I-5 South to the Terwilliger Exit. Take the Terwilliger exit. At the light, turn right onto Barbur Blvd and then right (south) again at the next light onto Terwilliger. Follow the directions from the paragraph above.

Coming from the Northeast on I-5

You will cross the Willamette River on the Marquam (I-5) Bridge. Make sure to get into the far right lane as you approach the bridge (you will be staying on I-5). Just as you have crossed the river, you will take the John's Landing (Lake Oswego) exit. Follow signs that say Lake Oswego; do not get back onto I-5. You will eventually get "spilled" onto Macadam. Travel south on Macadam (Hwy. 43) approximately 2 miles. At the Nebraska St. intersection (it's also the Willamette Park entrance and has a stoplight) you will take a left and then an immediate right into the parking area under the brick "River Park Plaza" building.

Coming from the Banfield Highway (I-84)

Get onto I-5 South headed toward Salem. Then follow the directions above, "Coming from the Northeast on I-5."

Coming from the East via Ross Island Bridge (Powell Blvd.)

Stay in the right lane. Just as you have crossed the river, you will see and take the Salem – Lake Oswego exit. Follow any sign that says Lake Oswego. This will eventually get you onto Macadam (Highway 43). Travel south on Macadam approximately 2 miles. At the Nebraska St. intersection (Stoplight) take a left and then an immediate right into our parking area under the brick "River Park Plaza" building.

Where To Park

Please park in the parking area underneath our building. To get up to our office please find the door marked "LOBBY" and head up the elevator to our office on the third floor. **Please Note - Maximum vehicle height clearance in our parking structure is 7 feet.**

Take The Bus

Bus Nos. 35, 36, and 40 stop directly in front of our building. Call Tri-Met for information.
